Sermon Notes

Understanding rich and poor

The burden of the rich

Stewardship

Questions for your Christ Care Group:

1. Do you find that sometimes you have preconceived notions about people who are rich or poor? If so, what are they, and do you think God is pleased with such notions?

2. Why would riches be a burden? And why do the poor have a hard time understanding that burden?

3. How would you describe 'the wise application of wealth?'

Reflection question; How effective are you at sharing the 'special riches' God gave you to honor Him and encourage others?
