Understanding 'The Will of God'

Questions for Discussion:

1. Share with the group, one of toughest decisions you ever had to make and how you finally resolved the situation.
2. When the Bible extols the value of 'short prayers' what to you think it is trying to teach us?
3. Have you ever deceived yourself into thinking something was 'God's Will' only to discover later it was not? If so what did you do to correct the matter?

Reflection Question: Are you honest with yourself when you're seeking His will or are you just hoping God will approve a choice you have already made?
